26 June 1952

MEMORANDUM FOR: Deputy Director of Training

FROM : Acting Chief, External Training Programs Staff

SUBJECT : PROGRESS REPORT

1. The preparations for the Summer Area Programs are up to date. The one problem we still face is the matter of clearance of the Professors who will give the courses.

2. Each student planning to attend the Summer Area Program has received bibliographies covering the readings of his courses.

3. All TLOs have received complete sets of these bibliographies. One outline on lectures in the Far East covering some 71 pages is being mimeographed and bound not only for use in the lectures themselves, but also for reference in a substantive office.

4. I have had a long discussion with [redacted] on his problems and plans for the coming year.

5. There were four interviews of possible employees.

6. I discussed with [redacted] possible candidates suggested by the latter.
